

## Spanish HLA Book Ordering\*

Students read several texts throughout the Spanish HLA Pilot Unit. The texts for Unit 1 and 2 are included in the curriculum documents. However, schools must order the following two books for Units 3 and 4. Each book contains several readings. The individual titles for which we have developed lessons and materials are listed in the overview and lesson plans. Additional readings can also be used to extend learning and differentiate for a range of learners.

**One teacher copy of each text will suffice**, as long as student copies (B&W) can be made. Copies allow students to annotate the text, which is a critical skill in Bridges classes.
